Grade 11

Reading Comprehension (110 marks)**A. Read the following passage carefully, then answer the questions below:**

1- Early marriage might mean taking a decision to settle down early in life. Early marriage, or child marriage, is defined as the marriage or union between two people in which one or both parties are younger than 18 years of age. Some Parents see marriage as a cultural custom that protects their daughters. Parents often feel that a young girl is an economic burden. At times, early marriage is a matter of choice and at times by force. There are some advantages and some disadvantages that can help you reconsider your decision.

2- Biologists have found that marrying later in life causes psychological problems and might result in giving birth to less intelligent children whereas early marriage has many pros such as helping to give birth to more intelligent children who live longer as well as preventing the couple from diseases. It becomes evident now why Prophet Mohammad, PBUH, advised young people of early marriage; He said: "Oh young people whoever of you is capable of marriage should marry." Young mind is easier to adaptability and sustenance. As the mind grows old, it becomes difficult for both parents to deal with their kids. For women, an early marriage is safer in terms of pregnancy. According to health care practitioners, 25 is the ideal age for pregnancy in women. Furthermore, early marriage gives more time for couples to pursue their career comfortably and plan a child soon after.

3- On the other hand, there is a darker side of being married so early. Those who marry early miss out on the fun of teenage life and being young. They are deprived of their youth. Breakdown of marriage is possible. Often the young couple is immature to shoulder major responsibility and end up fighting with each other. In addition, Education also gets affected. The young couple may not be able to pursue higher education as they have to take on the responsibilities of family budget. Since their education levels are low, they cannot get highly paid jobs. Bringing up children may be difficult, as well. Their knowledge of child care may be limited and parental guidance is also not there. They may not be able to provide the appropriate care for their child.

4- All in all it is clear that marrying early may seem very romantic and convenient, but it has its problems. Couples need to get to know each other better and this takes time. Rushing into a marriage, which may not last long does not appear the right thing to do.
