## Social media

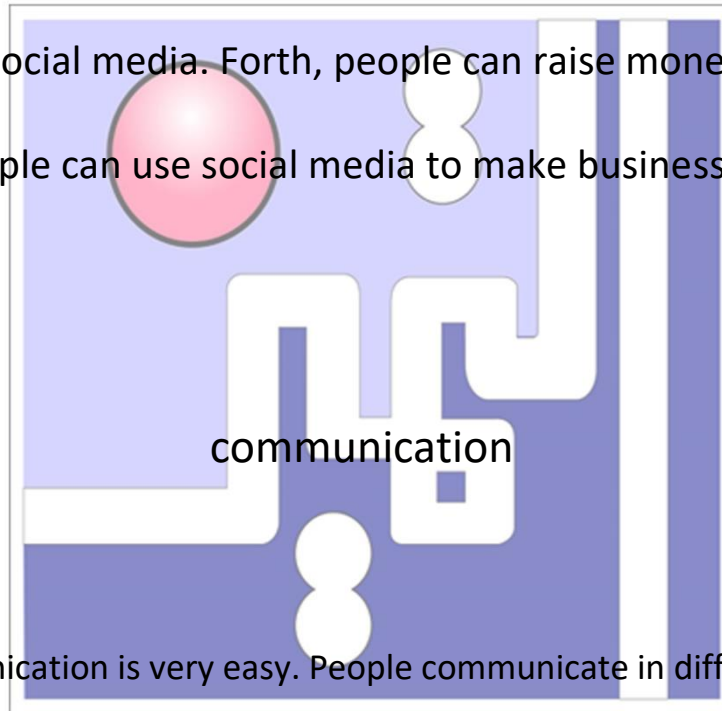

Social media has changed people's lives greatly. It has many advantages.

First, social media helps us to communicate with people easily. Second,

people get the latest news and information it. Third, people share ideas

and opinions on social media. Forth, people can raise money for charity on

social media. People can use social media to make business.

Nowadays, communication is very easy. People communicate in different ways.

They use mobile phones to call other people. They help people to send and receive

messages. People also use the radio, television and computers for communication.

They get a lot of information from the internet. People use satellites to communicate

across the globe. Communication is improving all the time.
