

Al- Khiran Resort

A holiday is the time when we are free and have fun. It is very important to relax. It is a chance to refresh your mind. On holiday, you break the daily routine and enjoy your time.

On holidays people go to many places and I prefer going to Alkhiran Resort. There I can enjoy my time with my family and do many activities. I like collecting shells and swimming. My father and mother prefer walking on the beach. I can meet my friends there. I enjoy riding the bike and watching the seagull. We are fascinated by the view of the sunset. Really, it is a wonderful place.
