Reading Comprehension

Read the following passage then answer the questions below:

One day, Tyler asked his mom to let him ride to the park. When he got to the park, it was filled with people holding garbage bags. A lot of his friends were there and so were some of his teachers. His friend Bella asked him to join them.

Tyler got a garbage bag and started to pick up candy wrappers, newspapers, Pepsi cans and water bottles. After an hour, he had filled three bags. His friends filled a lot of bags, too. When everyone was finished, one of the teachers loaded the filled garbage bags into a pick – up truck. The park looked great. They put up signs that read, " Please place garbage in garbage cans and help keep the park clean."

The teacher bought pizza and lemonade for everyone who helped clean the park. After they ate, Tyler and his friends made sure to put their garbage into the garbage bins.

Reading comprehension

Read the following passage then answer the questions:

Modern inventions have made life easier and more comfortable these days. In summer, when it is too hot people use air conditioners to make the air in their houses cool and fresh. In the past, it was very hard to live in very hot countries. Nowadays, people can travel very easily and very fast from one country to another. They can travel by plane, car, ship or train. It takes only few hours to travel to very far places by plane. You can eat, drink and even watch a movie while the plane is flying. People enjoy travelling very much these days. In the past, it took them weeks or even months to travel to another country. Life was slow and boring in the past but the invention of the television has made life more enjoyable. Reading comprehension

Read the following passage and answer the questions below:

When I was in the countryside last summer, I went fishing with my friend Ali, early in the morning. We were sitting quietly by the side of the river when my friend had an unpleasant surprise. While he was standing on a low bridge, he knocked his tin of bait into the river. Leaning over the side of the bridge, he tried to hook the tin and pull it out of the river. As he did so, his car keys fell out of his pocket and disappeared in the water. Ali leant over the bridge to see where his keys had gone. But the bridge broke down and he himself fell into the river. He swam out of the river and went back to his car. There, he found out that he locked the doors and could not get in. There was nothing left for him to do but walk sadly home .
