- 8- Try to your food, it is not good to eat it cold.

Reading Comprehension

Read the following passage then answer the questions below:

It was the end of the final school term. The boys in grade 6 planned to hold a class party. First of all, they got a permission from the school principal. Then each boy **contributed** 2 KD. Ten boys volunteered to be in charge of food and drinks. These boys prepared iced-drinks, bought biscuits, cakes and sweets.

Some of the mothers helped by frying meat and hamburger to make some sandwiches. Others prepared some cookies and pizzas. Every boy brought his own plate, glass, fork and spoon. At 4.00 p.m. on that day, all the boys met and re-arranged the furniture in the classroom. They reserved one section for food and drinks. Some boys organised games such as 'Treasure Hunt' and 'Musical Chairs' which everyone enjoyed.

After the games, **they** turned to the delicious food and drinks. Their teacher, who had been specially invited, gave away prizes to the winners of the games. Lastly, at 9.00 p.m. they took photos and went home happily after cleaning up the classroom. They felt the class party was a good way to end the year.

Grammar

The present simple passive

EX. Choose the correct answer:

Many great inventions (does - is done –are done) to make our life easy and more comfortable. The telephone is invented to (help- helps-helping) people call each other easily. Reading Comprehension

Read the following passage then answer the questions below:

Some sources of energy such as oil and coal cause pollution and many other health problems to people. That is why they are trying to have new sources of energy to find solutions to their sufferings. Scientists have found a lot of things that can help people live more comfortably.

It was a great discovery to use huge mirrors to get solar energy from the sunlight. Scientists could use sea water to produce electricity. **They** always say that the sun can provide us with a huge amount of energy which is clean and does not cause pollution. For these reasons, most countries all over the world are thinking seriously to get energy out of natural materials.

In the past, people in India and China used the dry animal waste for burning. Solar power could be one of the best sources of energy. It can be used for heating water, powering machines and running factories. Solar energy is not expensive because it is produced from the sun as an **endless** natural source of heat and light.

Grammar
